

# WORKSHEET Find the Creepy HALLOWEEN Creatures

This game can be played by dividing the class into two teams or into pairs.

**Pairs:** Give a copy of the grid to each student. Tell them to draw in the squares of their choice (without showing their partner):

**5** bats

**3** ghosts

and **1** pumpkin.

They then take it in turns to discover where their partner has 'hidden' these halloween creatures and score points. Give a time limit. At the end the student with the most points wins.

## LANGUAGE TO USE

Is there a **BAT**  
**GHOST** in B2, E1 etc.?  
**PUMPKIN**

Yes. There is.  
No. There isn't.
